## SUMMARY

AI & Automation Engineer skilled in building intelligent workflows with both code and no-code tools (n8n, Make, GHL). Experienced in fine-tuning LLMs, Python automation, and integrating frameworks like LangChain and Hugging Face. Strong background in cloud (AWS, Docker, CI/CD) and QA ensures scalable, reliable, and efficient AI-driven solutions.

---

## WORK EXPERIENCE

### AI Automation Engineer, NDT Legacy Group

Jun 2025 - Present

Design and implement end-to-end automation solutions using n8n and AI integrations. Streamline workflows across social media, DevOps, and business processes to help clients achieve their goals efficiently.

### QA & Automation Engineer, Brilliant Gaming (Remote)

Feb 2025 - Present

- Developed and maintained automated test suites for web applications and backend services.
- Integrated testing workflows into CI/CD pipelines to ensure rapid and reliable deployments.
- Conducted performance and regression testing to ensure system stability across updates.

### DevOps Engineer, Gridcore (Remote)

Dec 2024 - May 2025

- Automation testing of applications
- Deployed web applications in Docker containers across multiple VPS environments.
- Utilized shell scripting for smooth deployments and configuration management.
- Ensured system reliability and adhered to best DevOps practices.

### Technical Support L2, IDITECH (Mexico)

Jul 2023 - Apr 2024

- Maintained and managed the company's AWS cloud platform.
- Deployed and administered web applications.
- Implemented monitoring tool (Grafana) for performance optimization.
- Supported CI/CD processes and automated tasks via shell scripting.
- Provided technical support for business-critical services.
- Contributed to improving system reliability and uptime.

### Quality Assurance Executive, Touchstone Communications

Dec 2023 - Nov 2024

- QC on Non-Voice (Transcription) Automotive campaign.
- Reviewed and verified agent-submitted data.
- Generated compliance and performance reports.
- Conducted weekly software testing for quality and functionality.
- Provided feedback to improve productivity and performance.

- DevOps services (CI/CD pipelines, containerization, Deployment testing, AWS, Jenkins, Docker, etc)
  - Automation using different platforms and also custom automation scripting.
  - Application Deployment and Testing.
  - Python Bot development and script writing for Automation.
  - Developing, Training, modeling, and integrating ML/AI tools.
- 

## **SKILL SUMMARY**

- **Languages:** Python, SQL, C/C++, Js
  - **Frameworks:** Numpy, Pandas, Scikit, NLTK, llama, langchain, Huggingface, Selenium
  - **Tools:** n8n, Zapier, Make, Docker, nginx, Git, Linux, AWS, slack, Jira, Jenkins(CI/CD)
  - **Soft Skills:** Communication, Problem-solving, Adaptability, Critical thinking, Team Work.
- 

## **CERTIFICATIONS**

### **CERTIFIED ETHICAL HACKER- PRACTICAL (CEH-P)**

#### **NUST-NCIA / NAVTTC**

Completed the NAVTTC course Of Certified Ethical Hacker assembled by the EC Council. The course contained detailed information and practicals on Up-to-date Cyber Security operations and Protocols. The main points from the course are Active Directory, Network Security, and OSINT.

### **PRACTICAL ETHICAL HACKING (PEH)**

#### **TCM SECURITY ACADEMY**

Completed the TCM Academy's Course on Practical Ethical Hacking which Contained detailed practicals on intermediate-level Cyber Security operation and protocols. The main takeaways from the certification were Networking, python scripting, and Malware Analysis.

### **ISO/IEC 27001 INFORMATION SECURITY ASSOCIATE**

#### **SKILLFRONT**

Certification contents:

- implementing an Information Security Management System (ISMS)
  - Conducting a Risk Assessment
  - Develop Security policies and procedures.
  - Risk management processes for implementing controls.
  - Reviewing the effectiveness Of ISMS
- 

## **EDUCATION**

### **Associate Degree - Computer Science**

**2020 - 2025**

#### **Air University, Islamabad.**

**Courses:** Data Science, Cloud Computing, Machine Learning, Artificial Intelligence, Design and Analysis Of Algorithms, Database Systems.
